

Preamble

Vidya Bharti Uchcha Shikshan is socio-educational organization which has been established to realise the aspiration of quality implementation of policies in the area of education to achieve a systemic change, particularly in higher education of our nation. The Sansthan is working as an organization which aspires for a paradigm shift in the higher education which apart from other quality initiatives involves Bhartiya Gyan Parampara, Bhartiya philosophy and Bhartiya life values in the higher education. The Sansthan is working to develop a Bharat centric ecosystem in the field of education through establishing contact, dialogue and coordination with institutions and all the other stakeholders. Thus, Vidya Bharti Uchcha Shiksha Sansthan strives to create centres of excellence in higher education which would be marked with combination of ancient and modern traditional and nonconventional and oriental and occidental knowledge.

Since 1952 Vidya Bharati has been playing a very important role in the education sector of the country in promoting Bharat-centric education by enlightening the students, inculcating in them cultural and moral values and social consciousness for building a competent generation for the nation and society. It is committed to work for restructuring and developing a strong, harmonious, cultural and prosperous nation on the basis of developing the national educational system. The programmes and activities of Vidya Bharati are society-based and society-nurtured with aim to build the holistic personality of students by imparting the knowledge, skills and impetus in the students on the basis of Indian education philosophy. Vidya Bharati has been running Saraswati Shishu Vatikas, Saraswati Shishu Mandirs and Saraswati Vidya Mandirs (Secondary and Senior Secondary Schools). There are 25 Teacher's Training Colleges for producing skilled and efficient teachers. Apart from this, Vidya Bharati is also working in the field of higher education with 40-degree colleges associated with it. The work has gained wide acceptance in the society.

OUR COMMITMENT

To develop good citizens.

To build quality institutions.

To build prosperous, harmonious & Culturally rich nation

Introduction

Vidya Bharati Uchcha Shiksha Sansthan (VBUSS) is a voluntary organization working in the field of education particularly with focus on policy implementation and structural reforms in the Higher Education. Rooted in Bharatiya knowledge tradition, philosophy and practices, the institution led by eminent educationists and scholars serves as a transformative force. The Sansthan actively fosters a Bharat centric qualitative campus ecosystem through continuous dialogue, discourses and coordination among several stakeholders of higher educational institutions.

Vision Statement

To create and develop a competent, efficient, resolute and perseverant generation of good character, full of patriotism and social service and possessing global vision. This new generation will be committed to develop a harmonious, prosperous, well cultured and accomplished society. They will augment the process of nation building, excel in creativity and develop life-vision, thinking skills, social skills, scientific temper, creative aptitude and efficiency imbibed with behavioural skills of contemporary relevance. Such youths trained in the tradition of Bharatiya Educational philosophy and life-values shall lay the foundation of a strong and prosperous nation

Mission

To establish a continuous and intensive rapport and dialogue with higher educational institutes run by the Government as well as societies and trusts and to co-operate with them in their endeavour to develop all the capabilities of the stakeholders. To develop teaching and learning materials with an eternal and holistic approach, to conduct research projects related to it, to build up and develop experts, professors and trainers in different courses and to develop multi-faceted programmes for students, teachers and management.

Our Source of Inspiration

VIDYA BHARATI has been working for over 65 years and has presented to the society a model of secondary school education based on the Bhartiya life-values. Its work and programmes have gained social acceptability and credibility. Millions of students trained in the schools run by Vidya Bharati are contributing a lot to the process of nation building.

We strive for excellence in the area of higher education through Vidya Bharati Uchcha Shiksha Sansthan (VBUSS) established formally in 2018. All of us, as individuals or institutions, should make an endeavour together to pursue the common goal of imparting quality education to the students of the country. It's a matter of pleasure that this commitment has been highlighted in the National Education Policy 2020 too which presents the road map to achieve excellence in Bharat-centric education. Let us all join and work together for such a sacrosanct opportunity and common objectives.

Together we will try to transform our institutions into such temples of higher education as are dedicated to research and training through disciplined and knowledgeable ideal teachers. We are to create a knowledge society whose foundation rest upon a well-developed higher education system involving innovative curriculum, pedagogy and simultaneously grounded in ancient educational tradition of our beloved nation. Let us work together to provide an excellent teaching learning environment to our students by developing the required knowledge system in science, technology and other relevant areas enabling them to be creative, self-esteemed and efficient young men and women for building up a great, self-reliant and self-dependent Bharat.

Features

- To work with earnestness to achieve quality based higher education system together with all government and non-government institutions working in the sphere.
- To lay emphasis on innovation and the use of technology corresponding to the needs and demand of 21st century.
- To support and protect the self-governance of institutions and to strengthen the autonomy and the feeling of responsibility in the field of higher education as Vidya Bharati has stood for it since its inception.
- To constitute 'Institution-clusters' (Shaikshik Samooh) to evolve resource rich and reputed institutions which shall be relatively organised. Such clusters of institutions shall inter-se collaborate based on reciprocity. Such centres will determine some activities and programmes collectively.
- To establish rapport, interaction and co-ordination with all such institutions of the institution-cluster (Shaishik Samooh) so as to create and develop a collaborative, positive and creative environment.
- To lay emphasis on innovation and use of technology corresponding to the needs and demand of 21st century
- To coordinate with Vidya Bharati institutions and its associated educational units to create holistic impact and efficacy of education in society.
- To evolve and strengthen family feeling (Parivar Bhav) among such educational institutions for weaving a cooperative thread with each other to achieve quality education.
- To inspire and orient Vidya Bharti institutions and its associated educational organizations for bearing social responsibility and to establish quality, transparency, credibility and authenticity in the field of higher education.
- To create an atmosphere of motivation to develop specific and gifted talent in these institutions and to encourage them for collaborative research works and educational initiatives.
- To inculcate and develop the skills and efficiency of management in higher educational institutions.
- To co-operate for creating a developed and knowledge- based society.
- To generate and develop facilities/infrastructure for e-learning and distance learning.
- To implement the programme- 'earn while you learn' in educational institutions.
- To reorient focus of higher educational institutions on value education.

Action Plan

- To associate with like-minded institutions agreeing with the aims and objectives of Vidya Bharati Uchcha Shiksha Sansthan (VBUSS).
- To establish a seamless communication, co-ordination and co-operation with the associated institutions.
- To assist the institutions located in same geographical zones and part of same cluster in their holistic development through evolving the culture of mutual support within themselves.
- To identify innovative and qualitatively prestigious institutions in the country and share their foundational ideas and philosophical universe with other institutions.
- To establish a rapport with the educational institutes/universities having global benchmark and to exchange their experiences with other Indian institutions.
- To review the prevalent syllabi, texts, reference books and pedagogic programs of apex government agencies and suggest them for putting more innovative, socially rooted and transformative elements in them.
- To help the apex government agencies in carving syllabi and curriculum.
- To extend co-operation in making an 'experience sharing universe' within various educational institutes, regulatory bodies and other relevant organizations.
- To create public awareness about the problems and challenges faced by people at large relating to social, national and international issues/aspects and to develop sense of responsibility.
- To develop awareness about the norms and measures of evaluation and accreditation of educational institutions and co-operate with those institutes in achieving them.
- To encourage interdisciplinary research focusing on local, national and global needs.
- To select the subjects/projects of research for developing integrated approach of knowledge and to publish research outcomes for their proper dissemination.
- To develop various think tanks and research institutes who may contribute in the evolving Bhartiya knowledge traditions for making joyful, elf-contained and harmonious society.
- To work for assuring proper place to Bhartiya knowledge system and tradition in the field of teaching and research.
- To encourage the use of technology in teaching learning, study, management, research etc. and to make specific efforts to ensure easy availability of technology in the remote areas.
- To publish journals and literature of various knowledge disciplines.
- To organize seminars, webinars, workshops and conferences etc on various ideas and themes related with educational universe.
- To co-operate in planning and implementation of the activities related to skill development.
- To constitute expert groups to advise, guide and support higher education institutes.
- To engage in updating information about issues, rules and regulation, direction related to higher education and communicate them to the institutions.
- To deliberate with academicians, teachers and thinkers on important contemporary issues related with education and society.
- To co-operate with institutions in making action-plan for implementation of multilingual development of education, teaching, research and pedagogy.
- To activate the management of institutions to bring about good governance in higher education.
- To develop concern for nation and society in all stake holders.
